We specialise in junior programmes: all year-round ministays; winter, spring and summer language camps in the UK, USA and UAE (Dubai). Our students come from various countries in the world, mainly Europe, CIS, LATAM and Asia regions.

Our goal is to provide young learners with an enriching and rewarding experience. We have carefully designed our programmes to help them grow academically, socially, and personally. We believe in the power of education, and we are committed to providing young learners with a supportive and stimulating environment in which they can thrive.

Testimonials:

"I had the best summer ever at JoStudy! The teachers were incredibly supportive and always encouraged us to ask questions. I loved our trip to London - seeing the Tower of London and the British Museum was unforgettable. The classes were engaging, and I improved my English so much while making friends from all over the world. I can't wait to go back next year! Hope Teacher Cindy is back for another year."

Emily T.

"JoStudy was an amazing experience! The teachers really cared about our learning and helped us feel comfortable speaking English. The weekend trip to Oxford was a highlight; walking through the university and visiting the Ashmolean Museum was inspiring. Plus, I made lifelong friends during sports and group activities. Highly recommend it!"

Liam R.
